

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER
FAILURE TO COMPLETE CORRECTIVE ACTIONS
WELCH CITY OF, WV3302421**

Our water system violated State drinking water requirement. Even though these were not emergencies, you, as our customers, have a right to know what happened and what we did to correct the situation (See table below).

An on-site evaluation of our system is conducted on a regular basis. Results of the evaluation show significant deficiencies in our water system which must be addressed to the Office of Environmental Health Services- District Office. We did not correct these deficiencies by the required date and are therefore in violation.

What should I do?

There is nothing you need to do at this time.

Required Corrective Action	Corrective Action Required by:
Failure to correct significant deficiencies Deficiency: FOSC STORAGE TANK OVERFLOW SCREEN on ST001 & ST007 Deficiency: DLAK DIST SYSTEM - LEAK LOSS; Percentage of water loss	8/7/2022

What happened? What is being done? (Describe corrective action)

The screens have been repaired and the leak detection is an ongoing process to ensure safe and reliable water supply.

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Monitoring Reporting Requirements Not Met for City of Welch WV3302421

Our water system violated drinking water monitoring requirements. Even though these were not emergencies, you, as our customers, have a right to know what happened and what we did to correct the situation.

We are required to monitor your drinking water on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During periods listed in the table below, we did not monitor or test as required and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

At this time, there is nothing you need to do.

The table below lists the monitoring we did not conduct, other violations, and the associated compliance period.

Monitoring Violation	Year/ Fed Report #	Monitoring Frequency	Compliance Period
03, MONITORING, ROUTINE MAJOR NITRITE (NO2) Results Not Submitted	2023-12448	Quarterly	07/01/2022-09/30/2022
27, MONITORING, ROUTINE, MAJOR, CHLORINE Failure to Report Required Chlorine Residual With a Coliform Sample Result	2022-110448	Monthly	07/01/2022-07/31/2022
WB, CHLORINE, MOR Incomplete/Not submitted as Required or Missing Res. Cl from Coliform Result	2022-110449	Monthly	07/01/2022-07/31/2022

What happened? What is being done? (Describe corrective action)

There's nothing to be done at this time.

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER
MONITORING REQUIREMENTS NOT MET FOR**

WELCH CITY OF, WV3302421

We are required to monitor your drinking water on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. Between 1/1/2020 and 12/31/2022, we failed to submit the required samples as indicated below and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the required monitoring and the compliance period.

Required Monitoring	Compliance Period
03, MONITORING, ROUTINE MAJOR SODIUM IOC Sample Results Not Submitted	1/1/2020 to 12/31/2022

What happened? What is being done? (Describe corrective action)

The lab failed to run this test. The test will be ran again in 2023 and we will be back in compliance.
